

**HOW TO PRESS
YOUR WAY
INTO HEALING**

How to press your way into healing

Waiting for healing is one of the ways people remain sick for a lifetime. You can wait for other things in life as you see fit, but not for healing. If you don't want to remain in your sickness forever, it's time to do what it takes to be healed, which is to PRESS IN.

Everyone who will enjoy divine healing and total health must be willing and determined to press-in for their miracle. This is what most people are failing at because they don't want to take responsibility. God is always releasing healing virtue, but it takes the desperate who presses-in to draw such virtue for their total health.

The woman with the issue of blood in Mark 5:25-34, took the bull by the horn. She was so desperate and courageous that she did not mind the crowd or her condition, but came behind Jesus and pushed her way through to the touching of His garment. And because God cannot deny those who press their way through, she got her healing instantly. She would have died of sickness if she had not taken

for testimonies, enquires, and prayer;

those bold steps. She was not wishing that Jesus could see her in the crowd and have pity on her; she went for her miracle.

Is your healing passing you by? It is time to rise above all forms of limitation and push your way through. Limitations, when allowed, can hinder the blessings of God. Some limitations are created by us, such as laziness and wrong thinking, which must be dismantled. Some other limitations are allowed by us, such as the company you keep or the church you attend. Some other forms of limitations are positioned by the enemy, such as financial constraints and abusive relationships. But in spite of all of these limitations, you can be free if you are well determined to take what belongs to you.

Don't wait for your miracle to come; go for it. Miracles don't come to those who deserve them; miracles only go to those who demand them. And be careful of one thing, don't demand too little; always go for it all. Don't just desire to be cured of an illness; rather, desire to be completely made whole. Let me tell you what I am talking about: someone who is cured from leprosy may still have

for testimonies, enquires, and prayer;

the scars evident in the affected site, but if such a person is made whole, the traces are also taken away. Such was the case of Naaman the Syrian, who was healed of leprosy, and it was recorded “...and his flesh came again like unto the flesh of a little child, and he was clean”. (2 Kings 5:1-15).

To press your way into your miracle, you must be willing to be healed and determined to do all it takes to receive it. Don't let the devil or any of his agents deceive you into believing that you are not qualified or that your case is impossible. Get into the Word of God and pray for the help of the Holy Spirit to grant you understanding. If you are ready, God is always ready. I believe it's your turn to be made whole and change the history of your lineage forever. Don't sit idling around looking for pity-parties; rise above obstacles and grab your healing and every miracle you desire today. I long to receive your testimony. Shalom.

If you are ready to accept Him, pray this prayer now;
